

DEDICATED TO CURING NEUROENDOCRINE CANCER

The Neuroendocrine Tumor Research Foundation (NETRF) is the largest private funder of neuroendocrine tumor (NET) research. We are dedicated to funding research to discover cures and more effective treatments for neuroendocrine cancers. NETRF also works to improve the lives of patients, caregivers, and families living with neuroendocrine tumors by providing them with resources to educate and empower them in their journey.

AN UNCOMMON AND UNDERFUNDED CANCER

NETs are a rare cancer that can form in many different organs of the body.

NET research receives only **one-tenth of one percent** of government-funded grants, and is **underfunded over five-fold** based on its prevalence in the U.S. NETRF helps bridge this gap by funding nearly **30%** of all NET research. By supporting 2.5 times more NET investigators than any other funder, NETRF has established a vibrant scientific community dedicated to understanding NETs and its treatment.

175K
Americans affected.

12K
New diagnoses in the U.S. each year.

50%
Misdiagnosed first with another condition.

5
Average number of years from onset of symptoms to diagnosis.

SUPPORT IN 2020 THAT MADE A DIFFERENCE

\$3.9M
Contributed by donors in 47 states and 10 countries.

2,100+
Gifts, including more than 200 donations of more than \$1,000.

Everlasting Impact
tribute
\$250K
Three families established new Everlasting Impact Tribute funds for their loved ones.

70
Donations received in honor of NET providers.

\$200K+
90 gifts were received through donor advised funds.

87%
87 cents of every dollar spent in 2020 supported research and education.
